

1 The first step is to open Chat M365 Copilot and click New agent	 The screenshot shows the M365 Copilot interface. In the 'Agents' section, the 'New agent' button is highlighted with a red rectangular box. Other visible buttons include 'Digital Lesson Companion Gui...', 'Lesson Planner', and 'AI Intake Tool'. The 'Chats' section shows a search bar and some chat history.
2 With your mouse, select text in Name and change the name of it to lesson planner	 The screenshot shows the 'New Agent' configuration form. The 'Name' field, which currently contains 'New Agent', is highlighted with a red rectangular box. The 'Description' field is empty and labeled 'Describe your agent'. The 'Instructions' section is also visible.
3 Click Describe	 The screenshot shows the 'New Agent' configuration form. The 'Describe' button, located next to the 'Configure' button, is highlighted with a red rectangular box. The 'Name' field now contains 'Lesson Planner'. The 'Description' field is still empty.
