Bradford College

Logging in with Microsoft 2FA/MFA

Multi-Factor Authentication (MFA) adds an extra layer of security to keep your account and college data safe.

What is 2FA/MFA?

2FA/MFA (Two or Multi-Factor Authentication) requires you to verify your identity using something you know (your password) and something you have (your phone).

1 DOWNLOAD THE MICROSOFT AUTHENTICATOR APP

Download the **Microsoft Authenticator** app on your smartphone.

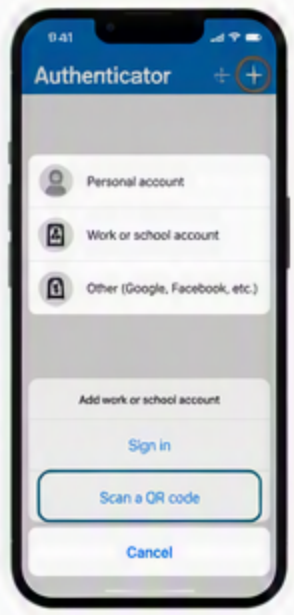

Download on the App Store

GET IT ON Google Play

TIP: Make sure you download the Microsoft Authenticator app (not a different authenticator app).

2 ADD YOUR ACCOUNT

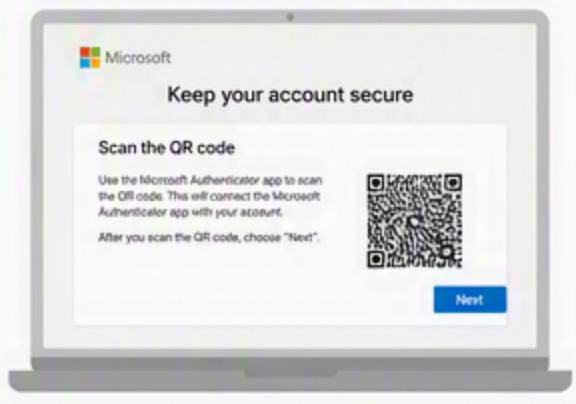

1. Open the Microsoft Authenticator app.
2. Tap "+" in the top right corner.
3. Select "Work or school account".
4. Tap "Scan a QR code".
5. You will be prompted to allow notifications – tap **Allow**.

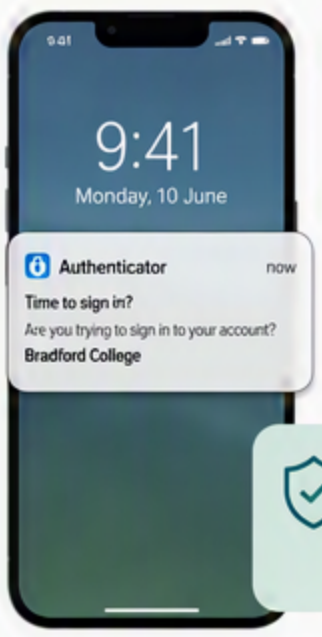

3 SCAN THE QR CODE

On your computer, sign in to your Bradford College account.

1. You will be prompted to set up Microsoft Authenticator.
2. A QR code will be displayed. Use the app to scan the QR code.

4 APPROVE THE NOTIFICATION

1. You will receive a notification on your phone.
2. Tap the notification, then tap "Approve" to sign in.

TIP: Always check the number shown matches the one on your computer before approving.

5 YOU'RE SIGNED IN!

Once approved, you will be signed in to your Bradford College account and can access your Microsoft services.

You may be asked to complete this process again after a period of time or when signing in from a new device.

NEED TO SIGN IN AGAIN?

1. Go to the Microsoft sign-in page:

https://login.microsoftonline.com

2. Enter your Bradford College email address and password.
3. Approve the sign-in request using the Microsoft Authenticator app.

You must have your phone with you to complete the 2FA/MFA process.
