How to use Lesson Weaver and Digital Companion

Plan faster. Teach safer. Include everyone.

Great Lessons for Every Learner

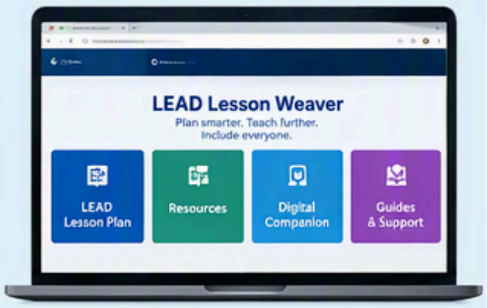

- Plan effectively
- Evaluate critically
- Embed inclusion

1 Open Lesson Weaver

Go to the website:

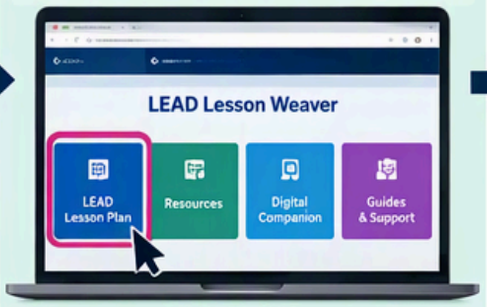

https://lessonweaver.online/

- No need to sign in.
- You'll see the Lesson Weaver dashboard.

2 Choose a tool

On the dashboard, select **LEAD Lesson Plan** to begin creating your lesson.

Tip
Input specific examining body spec codes into your prompt to get tailored lessons.
(eg EAL 603/0564/2)

3 Enter your lesson details

Add key information to generate your lesson plan:

- Subject / topic
- Learner level and group needs
- Learning objectives
- Specific exam board/spec codes (if relevant)
- Any key resources or context (e.g. workshop, equipment)

Remember:
Be as specific as possible to get the best results.

4 Review and refine

Lesson Weaver will generate a structured lesson plan in seconds.

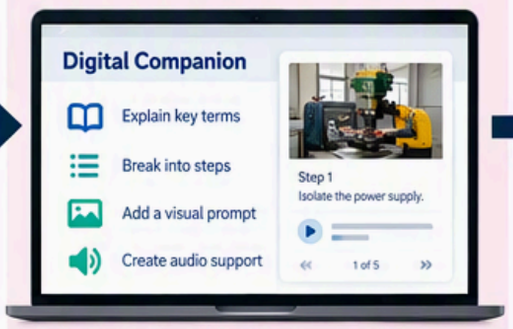

Check the plan carefully and edit to:

- Ensure technical accuracy
- Confirm health and safety steps
- Add checks on learning
- Adapt for your learners' needs

5 Use the Digital Companion

Make learning easier to access.

- Open the Digital Companion from your lesson.
- Choose the support you need.
- Check the support fits your learners.
- For workshop tasks, follow approved procedures and risk assessments.

Then check:
Can learners explain the task and what they need to do next?

6 Save, export and use

When you're happy with your plan:

- Save or download the lesson plan
- Export to Word or PDF
- Share with colleagues or your learners
- Use in your teaching and adapt based on learner feedback

Top tip
Combine Lesson Weaver with other tools (e.g. Microsoft Copilot, Canva or Chalkie) to create worksheets, visual guides and technical images.

7 Evaluate and improve

Before teaching, always review the AI-generated plan:

Technical accuracy
Are the facts, processes and terminology correct?

Health & safety
Are all risks and safety steps included?

Teaching & learning
Does it include clear instructions, differentiation and checks on learning?

You're ready to teach!
A safer, more inclusive and time-saving lesson – with the power of Lesson Weaver and Digital Companion.

Same Learners. Brighter Futures.

Save time | Support all learners | Teach safely | Plan with confidence
